

About us

EMAG was established in 1932 as a trading company exporting hides and skins.

In 1972 EMAG started marketing wetblue bovine hides from New Zealand and today EMAG can offer New Zealand hides and skins from wetsalted to crust on bovine, calf, lamb, sheep, deer and goat.

In addition EMAG offers wetsalted bovine hides and calf skins from Europe.

EMAG is active in all major markets and thru affiliated local partners guarantees a top service to the customers. With an experienced team of specialists EMAG provides tailor-made solutions in all areas of the leather trade from raw material know-how to logistics and financing.

EMAG's headoffice is situated in Olten, in the heart of Switzerland and 2009 new and larger offices have become the new home.
